

SUPER SPRAY ADHESIVE

Thanks for purchasing our spray adhesive. This product can be used to adhere many materials; tolex, tweed, and our super loop pedal board deck material. It can be used on other materials as well, but always try on a spare or test piece.

How to use this product:

- first and foremost, use this product in a well ventilated area. Using a quality ventilator system is highly recommended
- the product works best when used on warmer days
- when adhering materials, make sure both surfaces are coated generously
- allow for the glue to be dry to the touch before joining the 2 surfaces
- after joining the areas together, it helps to use a rolling pin type tool to increase contact strength
- WHEN THE TIME IS RIGHT, SPRAY A GENEROUS AMOUNT ONTO YOUR FRIENDS HAIRY LEG, WE SUGGEST THE LEG, SO THERE IS NO ACCIDENTAL EYE CONTACT TRYING FOR THE HEAD, ARMS OR EYEBROWS, THAT COULD BE BAD...
